

## Chemistry

### Honours

Paper : CEMH-P-DC-2

### Practical

Time- 3hrs

Full Mark-15

Answer all the questions:

1. What is 'rate' of the reaction ? (2)
2. Define 'order' and 'molecularity' of a reaction ? (2)
3. Give an example of pseudofirst order reaction (2)
4. Define pH of a solution. (2)
5. Name the indicator which you have used in your pH experiment (2)
6. What is buffer solution ? (2)
7. Give an example of buffer solution. (1)
8. Define buffer capacity. (2)
