## ***INTRODUCTION***

Gender Audit is an attempt to study whether the institution has a good gender balance. It tries to observe whether the institution follows government rules, policies and actions formulated for upgradation of women in society. It aims to understand the organization's current processes and situations from a gender perspective, highlighting areas of strength and weakness. It would capture employee attitudes, understandings, and behaviours regarding a range of themes, including the state of gender equality in organizational culture and procedures, policy and decision-making structures, and decision-making processes.

Additionally, a gender audit evaluates how successfully research, study curriculum, academic policies and programs, staff wellness and work management, and research are all influenced by gender perspectives.

Organizations can identify and understand gender trends in their human resource management practices, organizational culture, and the composition, structures, procedures, and policy and service design by using gender audits, a gender mainstreaming technique. They also help to ascertain the ways in which organizational performance and management choices impact gender equality inside the institute. Gender audits pinpoint important gaps and challenges in gender roles and offer solutions through innovations and enhancements. They act as a benchmark so that advancement may be tracked over time.

The internal gender audit monitors and assesses the relative progress made in gender mainstreaming contributes to capacity building and collective organizational ownership for gender equality initiatives and sharpens organizational learning of gender.

The external gender audits evaluate the extent gender integration fosters the inclusion and benefits to women and men through the organization's policies, programmes project and services provided.

The Gender Audit undertaken by the IQAC, Raiganj Surendranath Mahavidyalaya in association with Women Cell of the College intended to enquire into the gender stability within the institution.

### GENDER EQUALITY & GENDER EQUITY: PRINCIPAL'S VIEW

Gender equality ensures that every individual gets equal rights and opportunities irrespective of their gender in political, economic, social, health and educational arenas, while 'gender equity' is the process to achieve gender equality. Gender Equity always goes a step further by recognizing that equal treatment may not be sufficient to achieve fairness. It takes into account the different needs, conditions, and situations of people of different genders. Gender equity involves providing resources and opportunities tailored to these differences to ensure an equitable outcome. This might mean giving more support to one gender to address historical and structural disadvantages.

In Raiganj Surendranath Mahavidyalaya, we try to adopt gender neutral role while preparing our policy documents. However, sensitization programmes are often being organized by various Departments so that concept of Gender Equity can be clearly perceived by all the stakeholders of the College. Through gender equity our goal would be to bring gender equality. We strive to ensure that both girls and boys have equal access to resources and educational opportunities, and are not subjected to gender-based discrimination. We are committed to making co-curricular, and academic activities free from gender bias and stereotypes, fostering an inclusive atmosphere for all students.

Gender equity is a global issue and its awareness helps people to move beyond the stereotypes of gender. This gender audit would help all of us to understand the gender patterns within the structures and processes of the institution. It would also give the institution an idea to make the college campus a safer space for all. We hope the gender audit would promote inclusivity and equality across the Gender. Our mission is to achieve gender equity and equality through the actions of the Gender Equity Cell, Grievance Redressal Cell, Internal Complaints Committee, and Anti-Ragging Committee, as well as by implementing various government initiatives. We are committed to being a gender-neutral institution that provides equal opportunities for all.

## Internal Complaint Committee

Raiganj Surendranath Mahavidyalaya is committed for creating a healthy working environment that enables everyone to work in a harassment free environment without fearing for prejudice and gender bias. The institution also believes that all employees and students have the right to be treated with dignity as well as equality. Internal Complaint Committee was comprised of **Grievance Redressal Cell, Women cell & Anti- Sexual Harassment cell**. The major objective was to redress the grievances of the women teaching and non-teaching employees as well as female students. The committee has been disseminating the awareness against sexual harassment among all the stakeholders and planned to deal strictly with the cases of complaints regarding sexual harassment and any other type of harassment against female students, teaching and non-teaching staff within the premises colleges.

The committee has been considering all the individual complaints and took suitable action in accordance with the UGC guidelines. Several gender sensitization programs such as meeting, seminars, workshops, and rallies have been organised on a regular basis in the College. The days of national and international importance related to gender issues were also celebrated.

Lately, the Committee (ICC) has been reformed according to the direction by University Grants Commission (Redressal of Grievances of Students) Regulation, 2023.

**Fig 12: Graphic Representation**

Raiganj Surendranath Mahavidyalaya through its continuing consistent efforts has been successful in bringing a pre-eminence of female participation in sports along with sizably balanced participation on the part of the male students. However, owing to the effect of the pandemic on certain macro-social factors, the female participation saw a considerable dip in 2019-20 decimating itself at 44.19%. In the academic years of 2020-21 and 2021-22, there was no participation in sports by any of the sexes. The academic session of 2022- 23 did restart the process but we could not inch back to the overwhelming female participation of the pre-covid times. Currently, Raiganj Surendranath Mahavidyalaya is taking a number of steps to encourage more and more female students to participate in sports. The positives will surely be reflected in the coming time.

The Special Lecture on "Gender Roles in Victorian Literature" held on 30th May 2022 was a significant event organized by the Department of English, Raiganj Surendranath Mahavidyalaya. The lecture aimed to delve into the intricate exploration of gender roles as depicted in Victorian literature, a pivotal era in literary history known for its complex portrayal of gender dynamics.

**Highlights of the Lecture:**

Shri Kunal Kumar Halder, an esteemed Assistant Professor from the Department of English at Bangabashi Morning College, led the session with profound insights and scholarly analysis. He meticulously dissected various literary works from the Victorian era, shedding light on the prevailing gender norms, stereotypes, and the evolving role of women in society.

The Special Lecture on "Gender Roles in Victorian Literature" proved to be a scholarly endeavor that not only enriched the understanding of Victorian literature but also stimulated critical reflections on gender constructs prevalent in contemporary society.

Shri Halder explored the contributions of prominent Victorian writers such as Charles Dickens, the Brontë sisters, and George Eliot in challenging conventional gender roles and advocating for social reform. He elucidated how these authors utilized their literary platforms to critique patriarchal structures, advocate for women's rights, and challenge the notion of the "Angel in the House."
